## Motorbike Chain Spray white

### Description

Fully synthetic chain spray for optimum lubrication through visible white, ceramic application to the chain. Offers good adhesion properties, low spin-off, and reliable wear and corrosion protection, even with adverse environmental influences such as splash water and road dirt. Reduces chain elongation and extends the chain's service life.

### Properties

- excellent penetration action
- especially cold, hot and splash-water resistant
- outstanding corrosion protection
- excellent adhesion
- friction and wear reducing
- resistant to acceleration forces
- highest load-carrying capacity
- reduces chain elongation

### Technical data

| | |
|---|---|
| Color / appearance | white |
| Form | aerosol, liquid |
| Density | 0,85 g/ml |
| Odor | characteristic |

### Areas of application

For all motorcycle chains with and without O-rings and X-rings.

### Application

Before use, clean the chain with Motorbike Chain and Brake Cleaner (part no. 1602). Then shake the can well and spray the chain. The lubricant attains its final consistency and adherence once the solvent has evaporated.

### Available pack sizes

| | |
|---|---|
| 50 ml Can aerosol | 1592<br>D-GB |
| 400 ml Can aerosol | 1591<br>D-GB-E-P |
| 400 ml Can aerosol | 5981<br>D-F-I-NL |
